HOW TO USE THE AMERICAN CANALS INDEX

Every article that was published in AMERICAN CANALS is indexed by means of a one-line entry in the following four-part format:

23-8 (or v28n1-8) Lastname, X.Y. The Panama Canal [B4-65]

23-8	Refers to AMERICAN CANALS, issue No. 23, page 8.
V28n1-8	Refers to AMERICAN CANALS, volume 28, number 1, page 8 (1999 and later)
Lastname, X.Y	Is the author's name and initials.
The Panama Canal	Is an example of the title of an article that appeared (originally) in AMERICAN CANALS
[B4-65]	Refers to, volume 4, page 65

The last (fourth) part of an entry - [B4~65] in the example - will be present only if the article was reprinted in one of the volumes of THE BEST FROM AMERICAN CANALS.

To facilitate lookup, the entries comprising the index have been grouped under the following subject headings:
