Primarily drainage, transportation cutover from one canal to another to avoid extra mileage.

Extent of transportation unknown today. Sale of reclaimed lands paid for work on this canal and others under the jurisdiction of the Everglades Drainage Commission. The State of Florida did not provide funds for this work. Only its supervision.

This canal route is several miles south of Lake Okeechobee, runs in an east to west direction. All main canals run from north to southeast and to tidewater.

Names & Addresses of Groups Concerned With Canal's Preservation/Restoration:

Everglades Drainage Commission.
Property owners in the area involved.
